EDUCATION

North Maharashtra University.

August 2020 - July 2023

Bachelor of Computer Engineering, (CGPA: 8.82/10)

Coursework: Data structures & algorithms (Java), JavaScript, React, HTML & CSS.

SSVP's BS Deore College of Engineering and Polytechnic Dhule.

May 2019

Diploma's degree Information Technology, (Percentage: 66)

Coursework: Java & Web Technology, C, C++.

TECHNICAL SKILLS

- **Languages, Frameworks & libraries:** Java, HTML, CSS, JavaScript, React, Bootstrap, C, C++, spring, Databases & ORM (Hibernate).
- **Databases:** SQL, MySQL.
- **IDE & Tools:** Visual Studio, GIT, Eclipse, PyCharm, Postman.

EXPERIENCE

Qspiders a Unit of TestYantra Software Solutions Pvt. Ltd, Certificate program.

June 2023 - Dec 2023

- Completed an intensive software development course, Gained knowledge of Data Structures and Algorithms in Java.
- Gained Skills in front-end web development using **HTML, CSS, and JavaScript** to create visually appealing interfaces.
- Worked on **React.js** and built dynamic and interactive web application projects and assignments.
- Used **Spring Framework** and built an API's or to develop monolithic applications.

Vibaas Technology, Intern (Front End)

August 2022- Dec 2022

- Gain practical experience using WebTech in a professional setting, boosting coding skills and employability.

PROJECTS

Contact Manager (ReactJS, HTML, CSS, Bootstrap, JavaScript)

January 2024 – Feb 2024

- Developed a **responsive** online contact manager using **ReactJS**, allowing users to add, search, and update employee.
- Implemented a user-friendly interface with smooth transitions and animations for an enhanced **UI/UX experience**, following design prototypes created in **Figma**

House Price Prediction System Using Machine Learning (Python)

August 2022 – march 2023

- The Project Model Which Focuses to provide a reliable prediction of house prediction of housing prices based on train test been developed
- Started by removing duplicates from the data, checked for missing or NaN(not a number) value
- It's important to check for Nans (and not just because its's socially moral) because these cause error in the machine learning mode

Student Management System (Spring MVC)

December 2023 - January 2024

- Developed a monolithic software application which is capable of storing the student with details where users can login, add, update student details, and delete the record.
- Used Maven project to create project, MySQL to store data.
- Collaborated on UI/UX design with JSP, HTML and CSS.

CERTIFICATIONS & ACHIEVEMENTS

- Certification in Front End Training by **Vibaas Technology** Dec 2022
- Completed Course certificate of Complete web development Course offered By **Udemy** June 2023
- Completed Data Science Math Skill Course provided by Course **Coursera** July 2023
